# The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2017 to June 30, 2018)

### 5.13. Major grievances of students (if any) redressed:

*The college canteen has been expanded and renovated by spending more than seven lakhs rupees. Now it can cater to the needs of all students of the college.*

## Criterion – VI

### 6. Governance, Leadership and Management

#### 6.1. State the Vision and Mission of the institution

**Vision:**

*Educating the mind in the pursuit of truth*

**Mission:**

- *Mould the youth into responsible citizens of tomorrow*
- *Help students gain unswerving confidence in themselves and faith in virtuous thought*
- *Help develop a humane outlook and a strong civic sense*
- *Help think clearly and critically and communicate effectively*
- *Help develop an understanding of the unity of all knowledge including the religious.*
- *Help develop a global vision.*
- *Help promote a liberal social outlook and ethical view of progress and evolve an enriched inner life.*

#### 6.2. Does the Institution have a management Information System?

*Advanced software is used in the library and administrative sections of the college. Mobile apps that are being used by teachers and students is extended to parents also.*

#### 6.3. Quality improvement strategies adopted by the institution for each of the following:

- Curriculum Development  
*Since the curriculum and the syllabus are designed by the university, the college has no freedom to restructure the curriculum.*
- Teaching and Learning
  - *Set up a department seminar hall for Physics department apart from the common seminar hall with LCD projectors and audio systems to support a better learning environment.*
  - *ICT tools were effectively used in all departments.*
  - *Tutorial hours were restructured to encourage dialogue between students and teachers and among students.*
  - *Peer tutoring system is introduced to develop interpersonal professional, and cognitive skills of students to a higher level*

- *Computer Science department started 'ACM students Chapter' for inculcating research mentality among students and teachers. The chapter is actively organizing several events among students. The research forum at the English department was begun with a view as to get teachers as academicians to renew perspectives on knowledge. The forum conducts at least a lecture each month with scholars in the field talking on philosophers and had four talks so far.*
- *As part of the new initiatives in education, Sullamussalam Science College has introduced 'Online Courses' for students in various disciplines. Students are encouraged to enrol in at least one course in a year. Majority of the 'Online Courses' are from Swayam (by UGC), MIT, IIT Madras and Coursera.*
- **Examination and Evaluation**  
*Internal examinations were restructured with a centralized examination and a department level examination in each semester. After each examination department level parents meetings were called and results were analyzed in the presence of parents and proper instructions were given to students and parents.*
- *IQAC has given instructions to all HODs to include more research level topics for their Seminars, Assignments and Project works to inculcate a research mind among the student community.*
- **Library, ICT and physical infrastructure / instrumentation**
  - *Two more computers added in the Digital Library and more resources in various subjects. New computer system and a printer are also been added for the benefit of the students and teachers.*
  - *506 books have been added during this academic year with a cost of Rs. 158,850*
  - *Kerala Start up Mission (KSUM) has sanctioned an 'Innovation and Entrepreneurship Development Cell' (IEDC) to the college on 05-1-2015. Various programmes are being organized to inculcate research and entrepreneurship culture among students. V.K. Muneer, Assistant Professor, department of Computer Science is the coordinator of IEDC.*
  - *Smart Lab – To inculcate research and innovations in the field of computing, a smart lab is setup under the Department of Computer Science. Various applications and projects are under way. This could be converted into a commercial technology*

lab, if we get funding for the expansion. *Habeeb. P, Assistant Professor, Department of Vocation programmes, is the coordinator of the lab.*

- *Existing ladies room and ladies toilet have been renovated using fund from Parent Teachers Association.*
- *The construction of a National level Indoor stadium with the financial aid from UGC is in progress.*
- **Human Resource Management**
- *Two day NAAC sponsored seminar on Quality Higher Education in the Era of Open Online Education was conducted on 6-7 December 2016 for teachers and educationalists.*

*As part of the seminar, a workshop on 'Virtual Learning Environment' was conducted for the college teaching community on 7th December 2016 by Dr. Ashkarali P, Assistant Professor, Department of Electronics, Govt. Arts & Science College, Tanur, (He is our former student). A hands-on training on Moodle was given as part of the workshop.*

- *A training programme on 'Basics of Student Counselling' was arranged by the Staff club on 3<sup>rd</sup> December 2016 for the teaching faculty of our college. Professional trainers from 'Mind Tune' handled the classes.*
- *An Environmental awareness trip for the teaching and non-teaching staff of the college was organized by the staff club on 28<sup>th</sup> January 2017 to Parambikkulam, The National Tiger Reserve. Classes were arranged by the Forest department on the importance of Western Ghats and forests in Kerala.*
- *Computer literacy programmes was conducted for Non-teaching staff using own resources.*
- **Faculty and Staff recruitment**

*No new permanent appointment made during this period. However, guest faculties were appointed to fill the gap of the relieved teacher during this year. Guest faculties were appointed in vacancies aroused due to the resignation of existing guest faculties.*
- **Industry Interaction / Collaboration**

*A MoU between MeshiLogic and MediaOne broadcasting corporation already exists for fulfilling the criteria for B.Voc Software Technology and B.Voc Broadcast Journalism*

- Admission of Students

*The admission process was completed as per existing University guidelines.*

6.4. Welfare schemes for

- A. Teaching : *NIL*  
 B. Non-teaching : *NIL*  
 C. Students : *Kanivu-Student Aid Fund*

6.5. Total corpus fund generated : *3 Lakh*

6.6. Whether annual financial audit has been done : *Yes*

6.7. Whether Academic and Administrative Audit (AAA) have been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
<i>Academic</i>	<i>No</i>	<i>-</i>	<i>Yes</i>	<i>IQAC</i>
<i>Administrative</i>	<i>No</i>	<i>-</i>	<i>Yes</i>	<i>Management</i>

6.8. Do the University/ Autonomous College declare results within 30 days?

For UG Programmes : *No*

For PG Programmes : *No*

6.9. What efforts are made by the University/ Autonomous College for Examination Reforms? : *NA*

6.10. What efforts are made by the University to promote autonomy in the affiliated/constituent colleges? : *NA*

6.11. Activities and support from the Alumni Association

- A. *Scholarships were given to economically weak students*  
 B. *Awareness classes for Final year students were arranged with Alumni members as resource persons.*

6.12. Activities and support from the Parent – Teacher Association

- A. *Financed for setting up the maintenance of infrastructure facilities*  
 B. *Financial aid was given to the student participants in the University level competitions/programmes*  
 C. *Financial aid to renovate the ladies toilets*  
 D. *Financial aids were provided to meet the expenses of refreshment/food given to sports & games camp participants*

6.13. Development programmes for support staff

- A. *A class was arranged for the staff on office management software.*
- B. *A workshop had been arranged on spread sheet and College Automation System for the administrative staff of the college.*

6.14. Initiatives taken by the institution to make the campus eco-friendly

- A. *Eco-club members comprising of students and teachers are actively participating in all green movement on the campus*
- B. *Saplings of fruit-giving trees were planted in the western side of the campus*
- C. *Saplings of shade-giving trees were planted throughout the campus*
- D. *Poly house was setup by the National Service Scheme and Eco-club members for vegetable cultivation with the financial aid from the Kerala Agriculture department and Areacode grama Panchayath.*

## Criterion – VII

### 7. Innovations and Best Practices

7.1. Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- i) *Innovation and Entrepreneurship Development Cell (IEDC) funded and supported by the Kerala Start-up Mission has been setup in the college, for inculcating Entrepreneurship culture and to promote innovations among students. This is the first and only Arts & Science College to have IED Cell.*
- ii) *Special programmes are conducted to encourage students in Organic farming. A poly house has been setup by the college for organic vegetable cultivation with the financial aid from Kerala Agricultural Department.*
- iii) *Sargavedi, a literary club under the department of the Malayalam, circulates Malayalam literary works-novels, stories and plays – for the paraplegia patients of the neighborhood. The books are kept with the users for 10 days and after it they are being given to other members. At present there are seventy-five users for this innovative programme.*
- iv) *Research Forum, under the department of English provides a platform to discuss and share new trends in English literature and to promote research works in English Literature.*
- v) *ACM (Association for Computing Machinery) students chapter has been started on the campus to inculcate research culture in Computing for interested students especially in the field of Computer Science.*
- vi) *Majority of the College academic activities has been computerized. Online student feedback is taken from the students.*

7.2. Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- (i) *Bridge courses were arranged for the newly admitted students of all the departments.*
- (ii) *Food stuffs and medicines were provided to the needy people under the auspices of the Santwanam club.*
- (iii) *Homecare visits were carried out by the pain and palliative care unit volunteers periodically*
- (iv) *Expert lectures, Seminars and events conducted for the students.*
- (v) *Women's forum conducted 2 awareness programmes and also organized a food fest. They also conducted a three day UGC sponsored programme -G- log (girls log-in) for higher secondary girl students of the neighbouring schools from 26-01-2017 to 28-01-2017.*

7.3. Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

(i) *The bridge course for the entrants.*

(ii) *'A House A year' project.*

(iii) *Students in Palliative Care*

*Details are added as annexure-II*

7.4. Contribution to environmental awareness / protection

(i) *Saplings of shade-giving trees were planted throughout the campus*

(ii) *Realizing the importance of sustainable development many activities are undertaken to make the campus environmentally friendly and students sensitive to ecological issues.*

(iii) *Solar panels are used as an alternative to conventional energy sources.*

(iv) *Constant effort to minimize plastic waste in the campus.*

(v) *An eco-club was formed in the college to create environmental awareness among the students.*

(vi) *Eco club organized several programmes such as planting of trees, cultivation of vegetables, awareness programmes for neighbours, special camps, documentary screening and field trips for students as part of the environment protection and awareness initiatives.*

7.5. Whether environmental audit was conducted?

Yes

No

7.6. Any other relevant information the institution wishes to add. (for example SWOT Analysis)

*Efforts of the college to uplift the rural community are among the strengths of the college. The college has ICT enabled classrooms and a dedicated, academically oriented and research-minded faculty. The faculty inspires students to apply for projects, summer courses, seminars, workshops and regular courses at various nationally and internationally reputed institutions.*

*The management committee that financially supports the developmental activities of the college strengthens the institutional structure. B.Voc courses in Broadcast Journalism and Software Technology sanctioned by the UGC, will definitely help the college to impart skill based education to the neighboring community. A Skill Development and Resource Centre for Women sponsored by the Kerala State IT Mission helps the college in their effort for the empowerment of women community. The funds for indoor stadium sanctioned recently by the University Grants Commission will no doubt help the students in improving their skill in sports. At the same time the structure can temporarily be used to serve the purpose of an auditorium till a regular one is built.*

*Though the government has sanctioned two aided programmes M. Com and B.A. Economics in 2014, teaching posts for the same are created so far. Therefore, the institution has been compelled*

*to appoint temporary faculty with funding from the Management. This may effect quality, but we overcome these constraints with highly motivated crew of teachers. The fact that the college has no research department is a disadvantage. The college is also lacking in a separate library building and an auditorium.*

*The institution is situated in a rural area; the students hail from economically and academically challenged environments and therefore a proper academic orientation becomes imperative. The delay in conducting the End Semester Examinations by the University is a major hurdle in planning student support activities.*

### **Strength**

- *Campus: Environment friendly campus.*
- *First IEDC unit in Arts and Science College*
- *E campus*
- *Kanivu, Santhwanam, house a year, pain and palliative*
- *Online TCS: The class-wise time table is uploaded before the commencement of the new session every semester. The Attendance and Internal Assessment marks are uploaded by teachers regularly as per schedule. Students can check their records regularly.*

### **Weakness:**

- *Limited infrastructure facilities*

### **Opportunity:**

- *MoU with industry*
- *Active alumni participation*
- *Add-on and value based courses*
- *Facilities to share the wealth of information and methodologies practiced at College with the world at large.*

### **Threats**

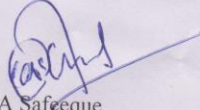

- *Lack of adequate fund*

## **8. Plans of institution for next year**

1. *Commencement of new courses at UG level*
2. *Erudite Lecture programme on 'Higher Education'*
3. *Two National Level seminars in Mathematics and Computer Sciences*

4. *Expansion of library resources.*
5. *Automated feedback system*
6. *Innovation and programming club under IED cell of the college.*

## ANNEXURE I

The feedback system in the college works in various levels. The IQAC periodically gathers feedback from the stakeholders and acts on it . Regular feedback is taken from the students by the head of the department at the end of every semester and instructions to teachers are given to improve the teaching learning method. Besides this informal feedback from the students is taken by individual teacher. Feedback from the students by the manager is taken regularly and communicated to specific teachers. Feedbacks prove valuable in implementing UGC guidelines.

The class PTA meets twice after the first and second internal exams to evaluate the progress of the students. The tutors brief the parents on students' academic performance in the classes and internal examinations. The PTA executive meets twice every year evaluate curricular and extra-curricular progress and makes pertinent suggestions. Feedback from the parents and the students are elicited on teaching learning.

The Alumni meet every year and provide suggestions on infrastructure developments improving classroom facilities and introduction of new courses through the secretary of the alumni to the principal. All feedbacks from students, parents and the alumni are discussed in IQAC meetings.

## ANNEXURE II

### PRACTICE-1

#### **1- BRIDGE COURSES AND NURTURE PROGRAMMES TO PREPARE STUDENTS IN A BROADER EDUCATIONAL FRAMEWORK**

##### **GOAL**

*In order to bridge the gap between the school system and the under graduate stream , the newly admitted students are given an orientation course in their respective subjects. This week long course apart from creating a general awareness in the recent advances in the subject also introduces them to the e-learning modes adopted in modern education. The aim is to make them research oriented and imbibe the spirit of lifelong learning*

##### **THE CONTENT**

*Unlike in the higher secondary schools where the students received a broad spectrum of knowledge, a deeper explorative facet of pedagogy has to be adopted in higher education. In order to orient the students in their respective fields of knowledge integrating the conventional methodologies and the restrictive curriculum, a timetable, followed in special format is adopted in a week long session of structured exercises. This is not easy as the curriculum in colleges is too heavy and the expectations are too high. Though in schools the present methodology promotes scientific thinking, there is no scope for that kind of stretched-out learning mode in higher education where very complex concepts need to be grasped within the limited time of the semester. The focus is to induce inquiry based learning attitudes in students.*

##### **ACTIVITIES**

*The five-day orientation programmes organized separately by various departments consists of group learning tutorials, conceptual discussions, group discussions, awareness classes on learning and memory techniques, web-assisted learning, inquiry-based learning etc. Each department has its own specialized programmes based on the nature of the course and the needs of the participants. For instance, in a science course the focus is on experiment and logic whereas in the humanities course the imaginative content is stressed on.*

*The focus of the physics and mathematics department in a week long course was to promote engaged learning. Topics like scope and excitement of physics and web-assisted learning were discussed with increased student participation. The commerce department organized programmes like meet the entrepreneur and introduction to basics of commerce and industry. A theatre workshop was organized, in the English department, as part of the orientation programme. This programme strengthened the view that theatre is a collaborative activity that can offer unique polyphonic counter education that proves an effective tool against commoditization of knowledge in the era of globalization. The foundation course is further supported by the study materials of high standard provided by each department.*

**Provide evidence of success such as performance against targets and benchmarks and review results. What do these results indicate?**

- *The number of our students qualifying competitive examinations to renowned universities has increased in the last few years.*
- *There is marked improvement in the performance of the students in the end of their examinations in the last two years.*

*The record of students' answer papers from the first semester internal exam is kept as record to gauge the improvement in students' skills through the years to the second internal in the sixth semester.*

## **PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED**

1. *As there is no provision for this foundation course in the syllabus, there is extra burden on the teachers*
2. *The admission process lagged due to change in University schedule so the schedule of the orientation programme also changed many times.*
3. *Many students changed their course programme even after the orientation programme.*
4. *Since the college is not an autonomous institution many of such innovative academic programmes are done solely on faculty initiative.*
5. *For these advanced programmes envisaged by the faculty 100% ICT enabled class rooms are essential. Moreover, there is no government post for network administrator in the college.*

## **2. 'A HOUSE A YEAR' PROGRAMME**

*A House a Year Programme is an innovative project taken up by the NSS unit of S.S. College, Areacode. After conducting a socio-economic survey, students find out the homeless in the locality. Out of that one family is chosen as the beneficiary of the scheme after consultation with the Ayalkoottam and other stake holders.*

*This project was begun in the year 2005 and is still going on. This year Smt. K.P. Satya was chosen for the seventh house under the scheme. Dr. K. Muhammed Basheer, Vice-Chancellor of the University of Calicut, handed over the key.*

*This programme is undertaken with an aim at making students more empathetic and socially responsible.*

## **3. PALLIATIVE CARE: CARING FOR THE SICK AND OLD**

### **GOAL**

*We aim at the spiritual, creative and intellectual growth of the young people who are our students, to help them confidently confront the globalized, corporate world.*

### **THE CONTEXT**

*Students Initiative in Palliative Care (SIP) is a step in that direction. The devotion and commitment instilled in the young through caring for the sick and the elderly help in their*

intellectual growth too. Knowledge acquired empirically open their intellect to highly specialized textual knowledge says studies on multiple intelligence.

## **ACTIVITIES**

1. *The volunteers of SIP of our college are active and work round the clock to support and help those sick and in dire need of financial help. This year, they collected around 4 lakh rupees for the treatment of patients who suffered from cancer, kidney failure and other serious ailments. As they routinely do every year, they organized a day-care programme on 29 November 2015, the first one this year, with ten paraplegic patients.*
2. *The volunteers actively involve themselves in the activities of the Palliative Care Clinic, Areacode. This year the SIP Care members conducted an orientation Programme and a training Programme for the first year volunteers to create an awareness among the uninitiated first year students about the need and importance of palliative care initiatives.*
3. *A two- day exhibition on Palliative care was also organized on 10 and 14 March 2016 which was an eye-opener giving us a better insight into lives marginalized and uncared for.*
4. *The SIPC volunteers undertake awareness programmes regularly to enlighten and counsel students. As a part of anti-tobacco, anti-drug campaign, the SIPC volunteers in collaboration with NSS, conducted a street play 'Unarthupaatu' on 2nd March 2016*

**Provide evidence of success such as performance against targets and benchmarks and review results. What do these results indicate?**

*IAPC (Indian Association for Palliative Care-Kerala chapter) HAS IDENTIFIED THE Palliative care group as one of the best in the district as mentioned in their magazine called Swanthanam. The number of members of the community who have been supported by our students is increasing every year. The paraplegic patients are earning members of their family now. The consistent and continued monitoring of those patients who had attended and gained training in workshops make these exercises worthwhile.*

## **PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED**

- *The volunteers have to work within the busy schedule of their academic activities. The university syllabus is too heavy to incorporate such extracurricular activities since the introduction of the credit-based semester system in higher education stream.*
- *They should be provided with the technology to communicate and connect with the other volunteers.*

*The unit works on the meager collection taken from the students by the volunteers through cards provided at the beginning of the year.*

**Sullamussalam Science College Areacode**  
**Internal Quality Assurance Cell**

**STUDENTS' FEEDBACK**  
**REPORT 2017-2018.**

## **STUDENTS' FEEDBACK 2017-2018.**

The Internal Quality Assurance Cell (AQAC) of the Sullamussalam Science College collects students' feedback on curriculum through Total Campus Solution (TCS), a web enabled ERP solution for educational institutions implemented in the college from academic year 2015-16 onwards. Feedback survey takes place every year through TCS from students of all departments of the college. A well designed and structured questionnaire has been used to collect the response of students.

### **Objectives of the feedback**

The objective of the feedback survey is to analyze the relevance and importance of the curriculum, and how far it has attained in satisfying the need of the academic community. The structured questionnaire includes questions related to various aspects of curriculum which are highly relevant to students. The survey includes questions related to the adequacy of learning resources in the college, effectiveness of internal evaluation process, opportunities in participating in seminars, industrial visits and conferences, role of curriculum in stimulating innovative thinking and exploring new ideas and contents and objectives of curriculum design.

### **About the Survey.**

The students' feedback on curriculum is collected through structured questionnaire and quantified and analyzed using five point scales (5-excellent, 4-very good, 3- good, 2-satisfactory, 1-bad). The model of questionnaire, collected data and the findings are given below.

**Diagram 1- Overview of students' feedback.**

**Interpretation:**

The mean score of all the eight statements under consideration for the students' feedback of 2017-18 was 3.44 out 5, that is an overall acceptance of 68.8% by the respondents. The overall learning experience in the college was the most attractive factor for students which gained a mean score of 3.73 and opportunities to participate in seminars and conferences outside campus got a mean score of 3.60. the least satisfying factor under curriculum as far as the students were concerned was the contents and objectives of the syllabi, which earned a mean score of 3.12. but all the factors determining the satisfaction of students on curriculum showed gradual improvements over the years. Year wise comparison of the student's feedback is given below.

**Table.3- Comparison of Students' feedback of 2015-16, 2016-17 and 2017-18.**

Factors	2015-16		2016-17		2017-18	
	Mean Score	Percentage	Mean Score	Percentage	Mean Score	Percentage
Adequacy of learning resources	3.41	68%	3.41	68%	3.54	71%
Contents satisfying academic needs	3.07	61%	3.04	61%	3.12	62%
Fulfilling Objectives of curriculum	3.25	65%	3.23	65%	3.24	65%
Stimulating to explore new areas	3.26	65%	3.28	66%	3.26	65%
Effectiveness of internal evaluation process	3.36	67%	3.36	67%	3.43	69%
Stimulating innovative thinking	3.35	67%	3.42	69%	3.59	72%
Opportunities to participate seminar, conferences	3.48	70%	3.53	71%	3.60	72%
Overall learning experience	3.51	70%	3.60	72%	3.73	75%

All the factors under consideration related to curriculum which are considered relevant to student community shows gradual improvements, and which is evident from the table above. This indicates that Actions taken by IQAC gave fruitful results in the students' feedback.

**Factor wise Analysis of students' feedback 2017-18.**

**1.1- Adequacy of learning resources to implement curriculum.**

The learning resources required for the implementation of curriculum in the college is sought and the results are summarized as follows-

Adequacy of learning resources	Bad	Satisfactory	Good	Very good	Excellent
Level of satisfaction (%)	5.28	11.38	31.30	28.46	23.58

### 1.2- Level of Curriculum contents satisfying academic needs of students.

One of the main factor of ‘Curriculum contents satisfying academic needs’ is getting improved over the years. The following table shows the result of student’s feedback on it.

Contents satisfying Academic needs	Bad	Satisfactory	Good	Very good	Excellent
Level of satisfaction (%)	9.76	24.39	27.64	20.33	17.89

### 1.3- Classroom experiences fulfilling objectives of Curriculum.

Respondents view on classroom experiences fulfilling objectives of curriculum is summarized below-

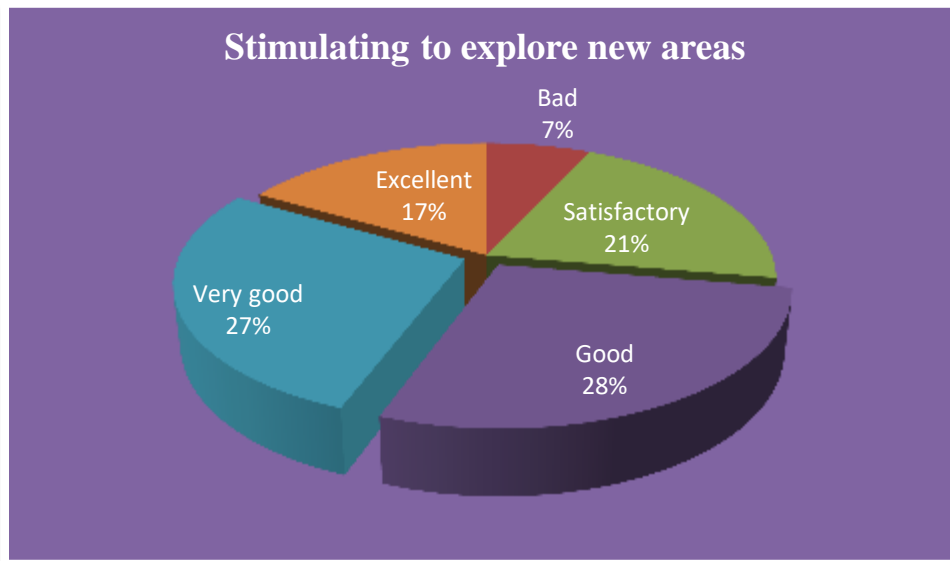

Fulfilling Objectives of curriculum	Bad	Satisfactory	Good	Very good	Excellent
Level of satisfaction (%)	7.72	19.92	29.27	27.24	15.85

**1.4- Class room experience stimulates to explore new areas.**

Respondents’ opinion on class room experiences stimulating to explore new areas is summarized below-

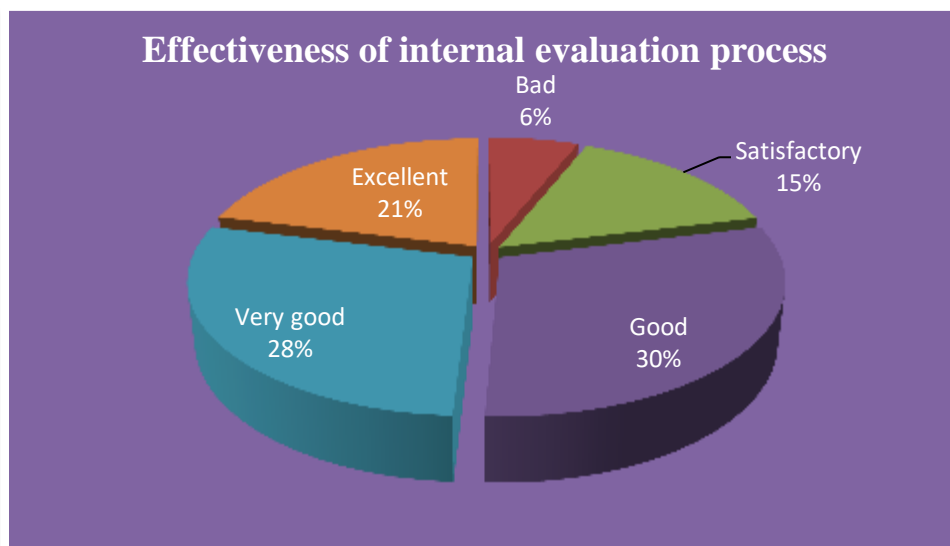

<b>Stimulating to explore new areas</b>	Bad	Satisfactory	Good	Very good	Excellent
<b>Level of satisfaction (%)</b>	6.91	20.73	28.05	27.64	16.67

**1.5- Internal evaluation process- a tool to assess student Competencies.**

The summarized result of internal evaluation process’s feedback is given below.

<b>Effectiveness of internal evaluation process</b>	Bad	Satisfactory	Good	Very good	Excellent
<b>Level of satisfaction (%)</b>	6.10	15.04	29.67	28.05	21.14

**1.6- Role of curriculum in stimulating innovative thinking like environment and sustainability, gender issues, human values etc.**

<b>Stimulating innovative thinking</b>	Bad	Satisfactory	Good	Very good	Excellent
<b>Level of satisfaction (%)</b>	4.47	15.45	24.39	28.05	27.64

**1.7- Opportunities to participate in seminars, conferences, industrial visits etc.**

<b>Opportunities to participate seminars, conferences and industrial visits.</b>	Bad	Satisfactory	Good	Very good	Excellent
